SKINCARE

Pro Microneedling 149.00

Microneedling activates the skin's repair process and collagen production. This minimally invasive treatment uses the most advanced techniques and is elevated with a chemical peel to target dark spots, wrinkles and pores. Combined with Pro Restore, our recovery and firming concentrate that is designed to prepare the skin's barrier, restores its condition, decrease downtime, and amplify your Microneedling results. With any advanced skin treatment, a series of treatments is recommended for long lasting, visible results. It will always depend on your unique skin and goals, but generally, a series of 3 – 6 Microneedling treatments is recommended, having them every 6 weeks.

Pro Nanoinfusion 90.00

- Diminish the appearance of lines and wrinkles.
- Brighten the complexion.
- Smooth the appearance of skin.

We recommend scheduling a series of 3-5 Pro Nanoinfusion treatments with 6 weeks in between treatments.
